CREÒ International 2022

'NWS is committed to creating and maintaining a safe, trusting and caring environment where teaching and learning are exciting and students embark on a life-long journey of learning.' (NWS Mission Statement)

Greetings to you all from Nehru World School (NWS), Ghaziabad, India. We trust that you, your family and the whole school community are in the best of health and spirits.

NWS has successfully hosted CREÒ, a creative and literary arts festival for 9 years now. Initially in 2020, we launched an online international edition. Following the same format in 2021, there were more than 1500 students from 96 schools of different countries participating in 30 online events. With the majority of schools now open for learning, our plan for CREO 2022 is to offer you three different ways to participate:

1. Online RECORDED
2. Online LIVE
3. On Campus.

Hence, our vision of continuing to make CREO an event beyond boundaries and inviting participation from schools across India and around the world, thereby building learning opportunities and global awareness amongst unique learning communities remains fulfilled.

Learners aged 3 to 17 will have the opportunity to showcase their talents in one of the 50 events from the fields of Fine Arts, Public Speaking, Science and Technology, Photography, Literature and Performing Arts. Every participant will be a winner and certificates will be awarded according to the performance criteria.

We are also creating opportunities to celebrate and commemorate 75 years of progressive India through 'Azadi Ka Amrit Mahotsav'.
